

Total Number of Projects: 142

Total Amount of the Grant: 570,510 (1,000 JPY) , as of Notification of JFGE grant approval

Group A: Environmental conservation activities in developing regions by Japanese NGOs

89,210 (thousand JPY) for 20 projects

No.	Organization Name	Project Name	Country	Grant Amount (thousand JPY)
1	TERRA PEOPLE ASSOCIATION	Climate-Resilient Agriculture and Youth-Led Circular Green Job Development in Hihifo, Tonga	Tonga	1,800
2	NGO MAMANO AMAZONIA	Improving the livelihoods of Indigenous farming families and conserving tropical forests through the use of wild white cacao in the Ecuadorian Amazon	Ecuador	1,900
3	Institute of Environmental Rehabilitation and Conservation	Promoting Environmental Education through the Development of a Sustainable System for the Conservation, Rehabilitation, and Utilization of Forest Resources in Svay Leu District, Siem Reap Province, Cambodia (Phase 2)	Cambodia	6,500
4	International Lake Environment Committee Foundation(ILEC)	Dissemination of the Participatory Ecosystem Services Shared Value Assessment (PESSVA) method in Asian lake countries, including Nepal, and development of the ILBM-PESSVA method in Malaysia by integrating this approach with Integrated Lake Basin Management (ILBM)	Malaysia and Indonesia	6,400
5	HANDS (Health and Development Service)	Biodiversity conservation and promotion through documentation of traditional foodways and indigenous tree species in collaboration with Kenyan communities	Kenya	6,800
6	Indonesian Education Promoting Foundation	"Action Speaks! The 50% Waste Reduction Challenge and Circular Society Development — The Tabanan Model"	Indonesia	3,900
7	NPO GoShare	Sustainable Environmental Education through Collaboration with Self-Help Networks and Utilization of Ecotourism in the Poorest Remote Island Areas of the Philippines	Philippines	2,210
8	NGO Little Bees International	Comprehensive biodiversity conservation activities in Korogocho Slum, Republic of Kenya, led by women to promote gender mainstreaming, ecosystem restoration, and the realization of a circular society	Kenya	3,700
9	i-i-network - Research & Action for Community Governance	Development of the "Nature and Culture Learning Village" in Bali, Indonesia through preservation and utilization of local nature and culture by the younger generation	Indonesia	5,700
10	IKAW-AKO JAPAN-PHILIPPINES PARTNERSHIP FOR ENVIRONMENTAL EDUCATION PROTECTION, INC	Creating sustainable tourist destinations starting from zero plastic practices in Barangay Marcelo, Mabini, Bohol, Philippines	Philippines	4,080
11	HUTAN Group	Creating a Mechanism for Sustainable Biodiversity Conservation Led by Local Community through Combining Forest Conservation and Ecotourism in Central Kalimantan, Indonesia	Indonesia	5,030
12	CFDJapan	Supporting Eco-tourism of Bach Thuan Village (Vietnam) through nature learning	Vietnam	2,520
13	Think Locally Act Globally	Program for creating a recycling-oriented community through the dissemination and promotion of understanding of organic home gardens using local resources in Matale, Sri Lanka.	Sri Lanka	2,700
14	Certified NPO UAPACAA International Conservation Partners	Local entrepreneurship development and monetization in Mbali Area in Democratic Republic of Congo, which contributes to an endangered great ape species, bonobos' survival, the forest biodiversity conservation, and the restoration	Democratic Republic of Congo	6,800

No.	Organization Name	Project Name	Country	Grant Amount (thousand JPY)
15	ECOPLUS, a registered non-profit organization	Project to establish the way to purify wastewater from toilet by “artificial wetland method”	Micronesia	2,310
16	DANKA DANKA	Initiative for Fostering Natural Positive Agriculture Utilizing Untapped Natural Resources Earthworms, Seaweed, Shells” in Thies Region, Republic of Senegal	Senegal	6,000
17	Japan Orangutan Research Center	Human Resource Development Program Based on Long-term Orangutan Research in the Danum Valley Conservation Area, Malaysia	Malaysia	4,400
18	Japan Natural Farming Association	Educational activities to promote natural farming (environmentally friendly agriculture and livestock farming using indigenous microorganisms and local resources) for small-scale farmers in Vietnam, and the establishment of model farms	Vietnam	6,800
19	Japan Association of Drainage and Environment	Capacity Development for Sustainable and Independent Management of WASH Facilities in Urban Poor Communities	Bangladesh	3,500
20	Diamonds for Peace	Project for establishing a model balancing the Environmental protection and income enhancement in the artisanal diamond mining communities in Liberia	Liberia	6,160

Group B: Environmental conservation activities in developing regions by non-Japanese NGOs

42,700 (thousand JPY) for 9 projects

No.	Organization Name	Project Name	Country	Grant Amount (thousand JPY)
1	GOMPITO	Strengthening Sustainable Ecotourism for nature and people at the border of Mt. Kinabalu World Heritage, Kg. Kiau Nuluh, Sabah, Malaysia	Malaysia	1,700
2	The Energy and Resources Institute	Protecting Traditional Land Use through New Livelihood Methods: A Satoyama Approach	India	5,490
3	Earth Development Foundation	Community-Led Climate Change Adaptation and Environmental Conservation Project in Junaydah District, Bangladesh	Bangladesh	5,620
4	ASED HABIGONJ	Expansion of New high yielding variety of Rice against Intolerable Climate effect in the Haor (ENRICH)	Bangladesh	5,830
5	Social Empowerment and Education Programme (SEEP)	Protecting inland habitat with local indigenous landowners in Namosi, Fiji through the promotion of participatory organic guarantee and ecotourism projects	Fiji	3,150
6	Centre for Ecological Studies	Strengthening Community-based Snow Leopard Conservation in Trans- Himalayan Region of Nepal	Nepal	6,440
7	Conservation Action Network	Tropical Peatland Restoration in Borneo, Indonesia, through Agroforestry and Fire Prevention by Local Community	Indonesia	2,970
8	That Al Netaqayn Society	Circular economy through community based waste management in Asira al Shamaliya, Nablus, Palestine	Palestine	5,000
9	Sonar Bangla Foundation	Less-water Irrigation with Climate Resilient and Effective Agriculture Techniques (LICREAT) for farmers in Kaliganj Upazila of Jhenaidah District, Bangladesh	Bangladesh	6,500

Group C: Environmental conservation activities in Japan by Japanese NGOs

438,600 (thousand JPY) for 113 projects

No.	Organization Name	Project Name	Area	Grant Amount (thousand JPY)
1	NPO ASOIRO Company	Developing Standards for Sustainable Management of Aso's Semi-Natural Grasslands through Sheep Grazing	Kumamoto	1,800
2	General Incorporated Association Ishioka Community Energy	Community Energy Initiative for Small-Scale Solar Power-Building Local Energy Resilience and Independence	Ibaraki	1,800
3	Ogijima Townscape Preservation Council-Minna no wa(Everyone's Circle)	Efforts to protect the natural cycle of Ogijima Island	Kagawa	560
4	Friends of the Earth Japan	Creating a platform to link climate change and welfare	Japan	1,900
5	Issen Tea Future Lab Association	University Student-Led Project for the Development and Dissemination of Organic Tea Cultivation Techniques	Shizuoka	1,900
6	NPO Karatsu Farm & Food	A model project for wildlife damage prevention and SATOYAMA conservation through the introduction of local renewable energy in the OECM-certified area (Yokomakura Nature Coexistence Area, Ouchi Town).	Saga	1,060
7	NPO Community Network Takashima	Project for Creating a "Citizen's Forest" in the Adogawa Riparian Area with Citizens and Corporations	Shiga	710
8	Chino City Regional Council for Global Warming Prevention	Local climate action	Nagano	1,588
9	General Incorporated Association Tsuchikaraminore	Project for Building a Satoyama Conservation Model Utilizing Multi-Generational Communities	Mie	1,900
10	Nakatsu Waterfront Conservation Association	Activities to make everyone love Nakatsu Tidal Flats	Oita	710
11	Whisper of the Heart	Building Local Food Cycles for Okhotsk's Changing Seas and Farmland	Hokkaido	1,300
12	Association of Wildlife Research	Pilot project for the Fukuoka Bee Hotel model	Japan	600
13	Asia Arsenic Network	Environmental and Community Learning Project: Carrying the Memories of Toroku into the Future	Miyazaki	2,700
14	Imabari Civic Pride Center	A project to foster civic pride through coexistence between the history and environment of Imabari Castle	Ehime	2,520
15	AM-net(Advocacy and Monitoring Network on Sustainable Development)	People's Action for SDGs EXPO	Osaka	4,600
16	Environment Conservation Center Of Mie	The continuation and expansion of protection activities for endangered wildlife species, such as the Japanese serow	Mie	3,240
17	NPO ezorock	A model regional development project for a sustainable, symbiotic community through multi-stakeholder collaboration, utilizing the natural environment and history nurtured by a landlocked island	Hokkaido	6,610
18	NPO Satoyama Gakkou Tokyo	Fujikura District Campus Project -to make the depopulated village to the place for the environmental education inheriting the rich nature and sustainable lifestyle	Tokyo	3,900

No.	Organization Name	Project Name	Area	Grant Amount (thousand JPY)
19	Small-Scale Sustainable Forestry	Conservation and Regeneration of Biodiversity in Satoyama through Small-Scale Sustainable Forestry, and the Creation of Sustainable Rural Communities in Hilly and Mountainous Areas with the Involvement of Urban Residents	Japan	6,200
20	Mugi Career Support	"Project for Creating a Learning Hub on the Environment and Local Food Culture	Tokushima	2,000
21	Tochigi Conservation Corps	Restoration of dilapidated terraced rice paddies through cooperation with companies and organizations, and maintenance activities for the surrounding satoyama (traditional rural landscape) that supports the terraced rice paddies	Tochigi	2,465
22	Trailblaze Hiking Institute	Collaborative activities to reduce environmental impact and expand the "relational population" along the Tokai Shizen Hodo	Japan	5,400
23	Japan bear network	Project Zero Bear Injuries in Human Settlements	Japan	4,370
24	Japan Youth Council	Visualization of carbon budgets and verification of policy effectiveness through the establishment of a private third-party organization	Tokyo	2,140
25	Forest Tribes General Incorporated Association	A citizen participatory satoyama restoration program to change abandoned lands into local resources	Yamanashi	2,530
26	NPO Futami Lab	Community development through the promotion of SDGs	Ehime	3,485
27	Protect Our Winters Japan	POW Local Leader Development Project	Japan	6,065
28	Nonprofit Organization Hoshihara-yamanogakko	Creating a place for environmental education where people can experience the living things of satoyama and creating a mechanism for sustainable conservation	Hiroshima	3,500
29	Minamata Photographers' Eyes	Development of Educational Content Using Photographic Materials and Other Resources from the Minamata and Shiranui Sea Coastal Areas, and Dissemination Both Domestically and Internationally	Kumamoto	5,500
30	Nonprofit Organization Minamisoma Science Laboratory	From Dependence to Independence: A Multi-Stakeholder Initiative for a Sustainable Circular Local Community Model	Fukushima	2,000
31	NPO MORINOOTO	Promoting circular reuse and community collaboration for fabric and sewing materials by expanding reuse channels and networks	Kanagawa	3,000
32	NPO Dream Forest Co-Creation Partner CUE	Forest Learning Hub Project — Creating a Cycle of Satoyama Restoration and Youth Development —	Hyogo	6,900
33	Specified Non-Profit Corporation Aida Ueyama Rice Terraces	Ueyama Tanada Co-Leaning Project -Connecting Cities and Villages Through Nature & Rice Terraces	Okayama	5,400
34	Pacific Asia Resource Center	Campaign to strengthen mineral supply chain due diligence for a just transition	Tokyo	4,420
35	Africa Japan Forum	Advocacy for finance on climate change, development and debt issues through the process of TICAD9	Tokyo	5,377
36	Workshop for Sustainable Community	International exchange expanded by the National Wind Cave Network	Nagano	3,850

No.	Organization Name	Project Name	Area	Grant Amount (thousand JPY)
37	Specified Nonprofit Corporation CPP Japan	School Lunch Practices Connecting Food and the Environment	Japan	6,200
38	yufu	Inheriting and promoting the manufacturing business of "One-Way Japanese Tableware" wooden vessels that contribute to the effective use of Japan's forest resources and the reduction of petroleum product use	Japan	5,100
39	Odai Town Biodiversity Council	Odai Town Biodiversity Conservation Promotion Project	Mie	6,500
40	Otsuki Regional Resource Application Committee	Toward the Regional circular and ecological sphere through Little by little forestry ~Carbon renaissance~	Kochi	4,700
41	Okinawa Coastal Protection Alliance	Zero ghostnet project	Okinawa	4,600
42	Class for Everyone	Creating a locally produced and locally consumed energy supply model using charcoal EDLC	Kanagawa	3,190
43	Green Journey	Building a Circular Society in Nagoya City	Aichi	5,280
44	KOBEUMISAKURA	Suma Beach cleanup	Hyogo	6,800
45	Natural Cultivation SORAMIZUCHI	Creating a landscape with the reciprocity of nature and people	Tottori	2,700
46	Network for Civil Negawatt	Diffusion of Civil Negawatt	Nara	2,100
47	Circular Lifestyle Lab, NPO	"Mitoma LOCAL FOOD CYCLING", Developing and Promoting Circular Community Gardens	Fukuoka	4,530
48	Stranding Network Hokkaido	Hokkaido Dolphin and Whale Hotline: Strengthening Research Networks and Public Outreach	Hokkaido	4,000
49	Rice Terrace LOVERS	Preserving rice terraces and promoting environmentally friendly agriculture to create a regional circulatory symbiosis	Hyogo	6,710
50	General incorporated association of TOGA Forest Academy	Nurturing a "permanent forest "to conserve and sustainably use forest ecosystem in the MOMOSEGAWA area of Toga Village	Toyama	3,450
51	Nonprofit Organization Nakaikemi Net	Maintain the Nakaikemi wetland - Uchi-kemi habitat network through community and citizen initiative	Fukui	2,000
52	Nanao Wild Fauna and Flora Investigation association	"First Nature Observation Course" project with the main purpose of human resource development	Ishikawa	2,000
53	Japan Butterfly Conservation Society	Promoting local citizen-based biodiversity monitoring through butterflies	Japan	2,560
54	The Most Beautiful Villages in Japan	Providing learning opportunities, fostering local leaders, and supporting the development of self-reliant communities aimed at preserving the environment, landscapes, and regional resources of Japan's rural mountain, farming, and fishing villages	Japan	6,800
55	Non Profit Organization Notohantou-Oraccha-no-Satoyama-Satoumi	The project to inherit lifestyle and culture of Satoyama Satoumi in Suzu City	Ishikawa	3,000
56	Minamata Forum	Activities to Raise Awareness and Pass on 70 Years of Minamata Disease Experience to Younger Generations and International Audiences	Japan	6,800

No.	Organization Name	Project Name	Area	Grant Amount (thousand JPY)
57	General Incorporated Association Min-Gaku	Recycling-oriented Agriculture and Environmental Education Camp Connecting Nature and the Future - Sustainable Society Learned in the Community with 1,000 Children	Oita	5,030
58	TOXIC WATCH JAPAN	Information dissemination and public awareness activities regarding the promotion of the new GFC (Global Framework on Chemicals)	Japan	4,800
59	Wakasa Collabo Project	Let's Light Up Wakasa's Future – With Clean, Local Energy!	Tottori	2,700
60	Kiko Network	Development of intermediary support functions and a multilayered support system for promoting the creation of decarbonized communities	Japan	12,000
61	The Nature Conservation Society of Japan	Project for Promoting Nature Coexistence Sites that Address Social Challenges in Alignment with Global Standards	Tokyo	8,400
62	Okayama NPO Center	Okayama Decarbonization Social Capital Development Project - Aiming to build a decarbonization platform function -	Okayama	7,000
63	Kyoto Citizens' Council for the Prevention of Global Warming (a specified non-profit organization)	Intermediary Support for Local Government Decarbonisation in Kyoto Prefecture	Kyoto	8,000
64	Japan Sogen Network	Promoting Globally Aligned Nature Co-existence Sites to Solve Social Issues: A Model Based on Grassland Conservation and Utilization	Japan	7,123
65	EnVision Conservation Office	Designing New Nature-Positive Frameworks for Practical Conservation - Enhancing Museum Connectedness with GIS and Local Efforts	Hokkaido	11,995
66	Kahokugata Lake Institute	Consensus building, collaboration and network building among various actors in the Kahokugata basin	Ishikawa	9,875
67	Association of Natural Energy Co-establishing Organizations	Balancing Well-Being and Sustainability in Local Cities: The Reverse and the Rebirth: Interactive Community Development for “Eight Birds with One Stone”	Nagano	10,952
68	Organizing Committee of the “Ocean-Loving Fishers Market”	Ocean-Loving Fishers Market	Miyazaki	795
69	General Incorporated Association Mfisea	Next-generation human resource development activities to pass on a rich ocean to the future	Japan	2,020
70	Ocean Family	Plapuka Lab: Ocean Research for Kids	Kanagawa	2,000
71	Good News	From “Eco” to “Nico” — Making the Chikugo River Japan’s Most Beloved River	Fukuoka	575
72	Nagasaki Kaientai	Coastal cleanup and public awareness activities for marine litter reduction in Nagasaki	Nagasaki	500
73	NPO Future Arakawa River Association	Activities to Protect and Restore the Clean Waters of the Arakawa River	Yamanashi	500
74	WBC (Wakayama Beach Clean)	Beach cleanups on bays and remote islands aiming for zero marine trash at Wakayama!	Wakayama	1,520
75	Iki Yume Club	Ocean Plastic Cleanup Operation	Nagasaki	930

No.	Organization Name	Project Name	Area	Grant Amount (thousand JPY)
76	kawajyuku	Citizens' Watershed Flood Control Promotion Project	Tokushima	2,700
77	Hanno University Network	River Beach Campus: Make Friends with the River!	Saitama	1,930
78	NPO Sanbanze Forum	Environmental restoration activities for the Sanbanze tidal flats in Tokyo Bay	Chiba	1,800
79	Taketomijima Regional Foundation	Conservation activities for the secondary natural environment of Taketomi Island. Including sacred sites:Utaki, rituals, and traditions	Okinawa	2,700
80	Mount Chokai Nature School	Project for conservation and restoration of a beech forest biotope inhabited by red-breasted grosbeaks in a mountain village area at the eastern foot of Chokai Mountain	Akita	2,600
81	TSUMUGI	Maintaining the Satoyama environment through community-based skill training for sustainable agriculture and forestry	Kyoto	2,300
82	Organization for the Meadow Ecosystem and Kiso Horse Culture	Activities for the conservation and utilization of meadow, as well as the continuation and development of community building, utilizing Kiso horse culture in the Kaida Highlands of Nagano Prefecture	Nagano	1,500
83	Nippon Batrachological Society	Survey and conservation of amphibian habitat through collaboration between research organizations and citizens	Japan	1,370
84	ICERC Japan	Setouchi Sea Porpoise Network	Japan	2,000
85	Non Profit Organization ACTY	Protecting the Natural Environment of the Hachinohe Area through Human Involvement: Building a System to Eliminate Waste with the SDGs and Promote a Lifestyle Conscious of Ecosystem Services	Aomori	5,000
86	NPO living things.inc	Establishment of a comprehensive environmental education facility using an abandoned school	Hokkaido	6,610
87	iburi nature school	All activities of decarbonized Satoyama forest protection by citizen-based Satoyama farming to achieve carbon neutrality	Hokkaido	2,200
88	Nonprofit Organizations Blue Earth Project	The future created by the next generation of young people: "Blue Earth Project"	Japan	5,865
89	osakaumisakura	Cleaning up Osaka Bay and Planting eelgrass	Japan	2,160
90	The Osaka Organization for the Promotion of Garbage Reduction	garbage watching to achieve zero waste at the 2025 Osaka Expo	Osaka	3,300
91	Establishing a platform for 100% renewable energy area in Okayama	Establishing a platform for 100% renewable energy area in Okayama	Okayama	2,200
92	Institute for Sustainable Energy Policies	Community-Led Implementation of Renewable Electricity and Thermal Energy and Development of a Municipal EV Strategy	Japan	5,100
93	Country Park Shinhama	From Recovery to Growth: Advancing a Nature-Positive Sendai from Coast to City through ESD	Miyagi	2,120
94	Life Design Studio	Loiduts	Japan	2,020
95	Aozora Foundation	Education for Sustainable Development (ESD) program that uses materials and memories related to half a century of pollution	Osaka	4,200

No.	Organization Name	Project Name	Area	Grant Amount (thousand JPY)
96	Institute of Collaborative Education for Sustainable Rural Communities, NPO	Conservation and utilization of Satoyama-Satoumi to realize biodiversity and cultural inheritance in Urato Islands, Matsushima Bay	Japan	4,260
97	CSO Network Japan	Establishing a high-quality engagement mechanism between businesses and civil society for an environmentally, socially, and economically integrated sustainable development, based on the sustainability information disclosure study	Japan	2,860
98	zisedainotameniganbarokai	Tidal flat conservation activities with the participation of local residents to learn about the local community and consider the future of the community as their own matter	Kumamoto	5,720
99	Japan Youth Platform for Sustainability	Engaging young people in Japan and collaborating with other stakeholders to conduct policy advocacy, campaigns, and capacity development activities that support these efforts	Tokyo	2,000
100	Climate Youth Japan	Advocacy focused on specific policy measures and expanding the social influence of youth	Japan	2,340
101	Sense of Earth	Biotope Connecting Nature Project in Itabashi	Tokyo	3,200
102	PV Owner Network, Japan	Expanding the Adoption and Utilization of Solar Power for Climate Change Mitigation and a Decarbonized Society	Japan	6,630
103	Tokyo Occupational Safety and Health Center	Dissemination and enlightenment activities of risk communication in asbestos scattering prevention measures and asbestos exposure prevention measures in the event of disaster by amending Air Pollution Control Act	Japan	2,520
104	Certified Nonprofit Organization Tokinosu no Mori Club	Building a Community-Led Forest Conservation System	Shizuoka	5,170
105	Natural History Society of Nishi-chugoku Mountains	Geihoku Kaya Project	Hiroshima	4,500
106	Fukuoka—FUN	Visualizing biodiversity in the Fukuoka Sea and strengthening plans, actions, and sustainable collaboration for seaweed bed conservation	Fukuoka	3,880
107	Resurrection of Fukushima	Rebuild Satoyama in Iitate village	Fukushima	2,100
108	General Incorporated Association MIT	Development and implementation of an innovative ESD (Education for Sustainable Development) and environmental education program to cultivate local human resources who will protect the World Natural Heritage Yambaru Forest	Japan	5,310
109	Yuranonomori nonprofit organization	Beech Forest Reforestation Project	Japan	6,800
110	Washimamurakobo	Collaborative Satoyama Project	Niigata	5,000
111	Earthwatch Japan	Appropriate Observation of the Natural Environment	Japan	4,600
112	Japan Committee for IUCN	Launch and Implementation of the Nature Positive Japan Initiative	Tokyo	5,500
113	Peoples Power Network	Launch of "Renewable Energy Market"	Tokyo	6,800
